Subject: Note to file: conversation with Ivan regarding the State's 319 funding for FY 2016

Ivan asked about the anticipated total 319 award for FY 2016. Because of CZARA penalties, the State's 319 funds could be reduced by 30%. If the penalty is going to be applied to the 2016 319 funds, the State will not run an RFP process because there will not be enough funds to distribute for projects. I indicated to Ivan that the final decision on whether or not the penalties would be applied will be coming soon and will be communicated by our RA to the Governor's Office and the DEQ Director.

We then discussed the sequencing for submitting the annual report, the letter of satisfaction and the application with the work plan. I indicated that we would like to get the annual report by early May and the application by early June. We need to have the grant awarded by July 1st. He understood the schedule.

We are scheduled to meet on March 2nd in Portland to discuss the 50/50 issue.
